Using Creativity and Innovation to provide Exhibits, Marketing Support and Design

# Bank and Credit Union Expanded Marketing Projects

Case Study

As a case study, we helped National Bank & Trust carry their brand into an array of expanded marketing projects. Tabletop displays and customized table drapes, custom built educational kiosks, full color printed wall paper for their boardroom, and design and production of NB&T debit cards.

We have also designed and produced outdoor banners, store hours and information in vinyl at all of their branches, tri-folds, drive through window screens, and portable banner stands.
