Using Creativity and Innovation to provide Exhibits, Marketing Support and Design

Table Drapes

Designs on Display has been providing our customers with quality large format graphics for more than 12 years now -and our Table Drapes are a prime example!

We print on extra large pieces of fabric so that even our large, full 8'-0" drapes don't have ANY seams! We print on all 4 sides and the top with rich colors to ensure that your branding gets carried through everywhere!
